

PENNSYLVANIANS WILL NOT INSTRUCT FOR PARKER.

Democrats in Convention at Harrisburg Adopt the Unit Rule.

Accuse President Roosevelt of Being a Constant Source of Unrest.

Demand Revision of the Tariff and Approve President McKinley's Last Speech.

HARRISBURG, Pa., April 19.—The Democratic State convention, which was held here today, refused to instruct the national delegates from Pennsylvania to vote for the nomination of Judge Alton B. Parker of New York for President. These delegates will go to St. Louis un-instructed and will be bound by the unit rule.

An attempt was made by the meeting of the resolutions committee to amend the platform by substituting for the unit rule plank a paragraph instructing the delegates for Judge Parker. It failed and the platform as adopted by the committee was unanimously adopted by the convention.

Justice Samuel Gustine Thompson of Philadelphia was nominated by acclamation for the Supreme Court Justice to succeed himself for the full term of twenty-one years. He is at present a member of the Supreme court by appointment of Gov. Pennypacker, and his commission will expire next January.

The delegates-at-large to the National convention are Col. James Guffey, State Chairman J. K. Pulsey, ex-Sov. Robert E. Pattison and Robert E. Wright.

The national delegates and electors chosen by the delegates from the Fifteenth and Twenty-second districts are contested. The contests were referred to a committee to be appointed by State Chairman Hall. Chairman Hall will be elected tomorrow by the State committee at its annual session.

When the convention was called to order Frank J. Fitzsimmons was chosen temporary chairman.

Mr. Fitzsimmons said that the Republican party of Pennsylvania is dead. State pride and individual liberty, and that the serfs of the plains of Siberia have more independence than have the cringing machine-ridden and oss-worshipping pack of slaves who belong to the party given glory by Lincoln and a long line of illustrious statesmen.

Roosevelt a Source of Unrest.

After caustic references to the "muzzler bill" and Gov. Pennypacker, Mr. Fitzsimmons closed with the statement that "President Roosevelt is a constant source of unrest to the American people and a menace to the peace of the country. He would like to build up a new nation on his own ideals. He would like to have the senseless rough rider take the place of common-sense 'Uncle Sam' and San Juan hill substituted for bunker hill."

The platform says in part: "It is obvious that since the accession of President Roosevelt to the Presidency, the thoughtful sentiment of the country has become distrustful of his administration and fearful of the consequences of his extraordinary, erratic and autocratic assumption and exercise of power."

All that conservative men feared as a result of his accession to power has now come to pass. Safe, dignified administration has given way to strenuous, spectacular partisanship, national and international problems of vast import have become the sport of personal ambition and have been fashioned and moulded as stepping stones to the Presidential succession.

Today the country finds in Theodore Roosevelt a standing menace to Constitutional Government, to international peace and to business stability and prosperity. It turns to the Democratic party for conservation which from its inception and through so many years was a bulwark against the spirit of nationalism, fanaticism, radicalism and crude, wild theories of experimentalism, which have dashed in vain."

For Tariff Reform.

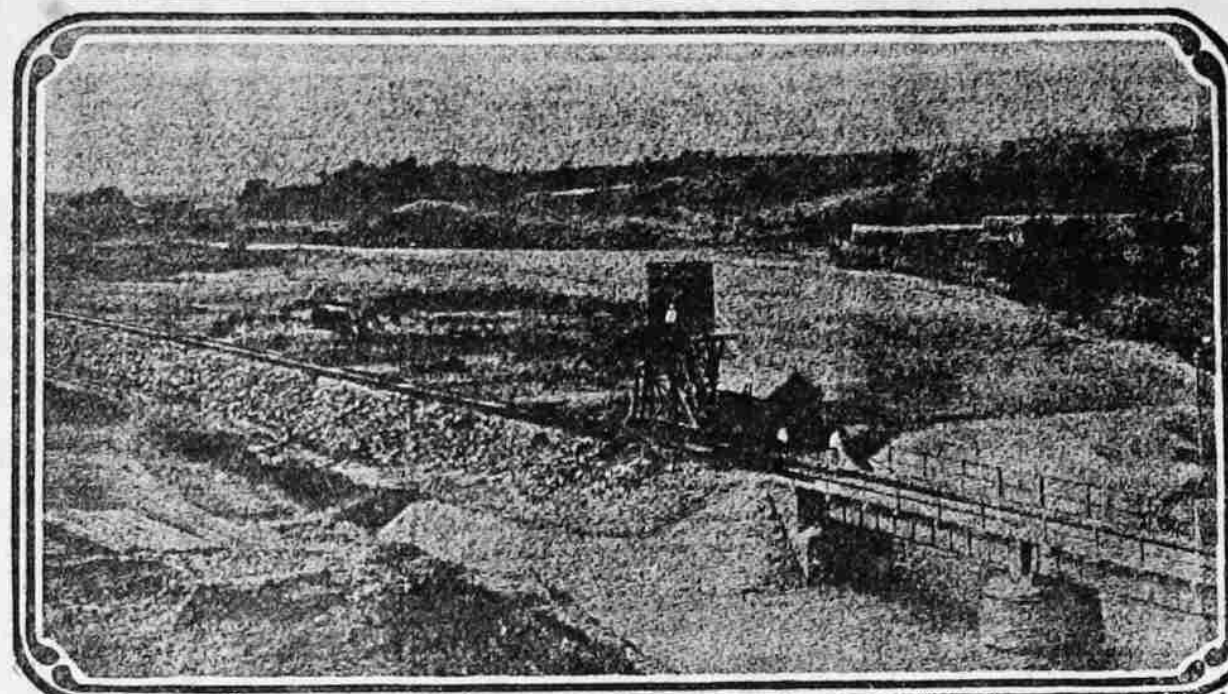

We declare our opposition to all forms of taxation that bear unequally on individuals or interests, or that tend to increase the profits of one class at the expense of another. We are for lightening it on the necessities of life and increasing it, if need be, only upon luxuries, ways bearing in mind that the constitutional power to levy duties on imports exists only for the purpose of raising revenue.

We commend the declaration of Mr. McKinley in his last public address when he said: "A system which provides a mutual exchange of commodities is manifestly essential to the continued healthfulness and growth of our export trade. We must not repose in fancied security that our foreign trade will continue to flourish and through so many years was a bulwark against the spirit of nationalism, fanaticism, radicalism and crude, wild theories of experimentalism, which have dashed in vain."

The enormous surplus accumulated by the Government has not only become a menace but has become a burden to the country. The entire currency is inflated and business interests are being injured by the Government's policy of levying duties on imports and by the reduction of taxes.

Adopt Unit Rule.

This platform instructs the delegates to the National convention to vote as a unit in all matters entrusted to their charge.

THE MANGROVE RAILWAY WHERE IT ENTERS LIANGTUNG PENINSULA ON THE WAY TO LAUN AND FORT ARTHUR.

miltee, Park H. Davis of Northampton offered the following amendment to the plank relating to the unit rule: "Resolved, That the delegates-at-large from the State of Pennsylvania to the National convention of the Democratic party to be held in the city of St. Louis July 6, 1904, be and the same are hereby instructed to use all honorable means by ballot and otherwise to secure the nomination of Hon. Alton B. Parker of New York for President of the United States."

Mr. Davis adopted a brief speech in support of his amendment which was rejected by a viva voce vote, after which the platform was adopted and the committee adjourned.

OREGON ALSO REFUSES TO INSTRUCT FOR PARKER

PORTLAND, Or., April 19.—The State Democratic convention, which met here today to nominate delegates to the National convention, refused by a large vote to send an instructed delegation to the National convention. The platform adopted contains the usual reaffirming of the principles of Jeffersonian Democracy. The Republican party, its principles and the present administration are denounced, as likewise are the trusts. The platform indorses the Isthmian canal, but believes it unsafe to entrust the construction to the Republican party.

The choice of the convention for delegates to the National convention is Gov. George E. Chamberlain of Portland, W. F. Butcher of Baker City, J. B. Matlock of Eugene, F. V. Holman of Portland, C. E. Redfield of Hesper, James Gleason of Portland, T. R. Sheridan of Roseburg and Samuel M. Garland of Linn.

The delegation is strongly anti-Hearst.

Hearst Men Make a Mistake.

CHARLESTON, W. Va., April 19.—It is impossible to say what action the Democratic State convention will take tomorrow. Hearst's private car "Dixie" arrived today from the East, bearing Congressman Livernash, California Senator Newlands of Nevada and John Tammie Graves of Georgia. They addressed a largely-attended mass meeting held tonight in the interest of Hearst's candidacy. When Congressman Livernash severely criticized former President Cleveland, whom he called a "despot," "party wrecker," etc., the audience answered with a storm of hisses.

Delegates to National Convention.

DOVER, Del., April 19.—The Republican State convention today nominated the following delegates to the National convention: Col. Henry A. Dupont, Manlove Hayes and Dr. William F. Orr.

Nominated for Congress.

Tenth Tennessee District—M. B. Patterson, Democrat, renominated. Eighth Michigan District—Joseph W. Fordney, Republican, renominated.

PAID TRIBUTES TO HEROES OF OLD

Sons of the American Revolution Indulge in a Very Successful Annual Banquet.

SONS of the American Revolution of Utah held their eleventh annual banquet last evening at the Commercial club in commemoration of the battle of Lexington. The banquet hall was magnificently and artistically decorated in national colors and set neatly about were guns, knapsacks, bugles and other patriotic reminders. Over fifty members were present and for more than an hour they indulged in the pleasures of the banquet, after which a number of toasts on revolutionary subjects were responded to by members.

Mrs. C. G. Plummer opened the evening's program by sweetly singing the inspiring song, "The Flag Without a Star." Warren C. Bogie, president of the society, followed with a witty little speech which ended up more wittily than he had planned. In closing he said: "Let me now introduce to you as master of these ceremonies one of America's honored sons—Gov. Heber M. Wells. Laugh and applaud." Excuse me, I mean Gov. Heber M. Wells.

The Governor begged to be relieved of all connection with the Heidelberg school for the time being and was rather perplexed for a moment, not having his customary manuscript to fall back on. He made a neat little speech, however, and entirely forgot before the night was over.

George L. Nye responded to a toast on the "Lexington." He thought Lexington of more importance than it was considered by the average American and attributed the success of this movement to the careful planning of the great Samuel Adams.

The Rev. G. C. Hunting responded in an able manner to the toast, "The Mission of the S. A. R." He urged the necessity of unity and declared "The present war exemplifies the statement that power is not measured by the extent of territory, but by unity and courage in right doing."

Fisher S. Harris paid his respects to the "Puritan" as viewed from the standpoint of a Virginian and won repeated applause from the members because of his timely exhibitions of rare wit. Judge C. C. Goodwin followed and provoked occasional outbursts by his references to the brave Virginian Cavalier. He paid a high tribute to the American. The Rev. Charles E. Perkins followed with a tribute to "The Women of the Revolution," and emphasized the importance of the effect of their lives and their deeds on American characters. The banquet adjourned with the singing of "America."

Dramatic Recital This Afternoon.

Byron W. King, president of the King's School of Oratory at Pittsburgh, will give a dramatic recital at the Music hall at the University at 4 o'clock this afternoon, under the auspices of the U. of U. Fine Arts club. Mr. King is a lecturer and entertainer of national reputation. In his recitals Mr. King does not use books. The plays are committed to memory. He is said to possess wonderful powers as an orator and can touch every chord of the human heart. He is also a poet and scholar and is the author of a number of works of national renown.

GUARDS WILL TAKE MOYER TO DENVER

Military Taking Precautions Against Rumor of Attempted Rescue by Prisoner's Union Friends.

TELLURIDE, Colo., April 19.—Adj.-Gen. Sherman M. Bell arrived tonight. The General and Capt. Wells, who is now in command of the military here, refuse to say whether President Moyer of the Western Federation of Miners, confined in the bull pen here, will be taken to Denver on Thursday in answer to the writ of habeas corpus issued by the Supreme court.

From precautions taken it seems certain that Moyer will start for Denver tomorrow under guard of an escort of soldiers. The air is full of rumors tonight. One is that an attempt will be made to rescue Moyer from the hands of the military by his union friends when the train arrives at Ridgeway. Another is that Moyer is suffering from an attack of smallpox which developed since his incarceration in the bull pen.

Outposts are stationed along the main road leading into this city half way to Ridgeway and at the entrance to every trail and mountain pass. Gatling guns and rapid-fire guns have been placed in commanding positions to resist any attack from outside.

These precautions have been taken as a result of persistent reports to the effect that an organized plan to rescue Moyer has been made by his friends.

FAMINE THREATENED BECAUSE OF FLOODS

ST. PETERSBURG, April 19.—The population of Vladivostok is in want of the most necessary kinds of provisions and in consequence of the flooded rivers which interrupt communication it is impossible to furnish them supplies. There is also a scarcity of money. Many inhabitants, particularly the women and children, are leaving the city, abandoning their property, which they are unable to sell. Half of the houses in Vladivostok are empty and the civilian population is already reduced to 5000.

Mr. Taylor Gives His Side.

Salt Lake City, April 19. Editor Tribune—I notice an article in your issue of April 18th stating "No Water for Smallpox Patient." As Mrs. Wagner, alias Mrs. Majors, and her sick son were in terrible predicament, quarantined for smallpox and no water in the house.

The article stated that the landlord had visited the place within a day or two and turned off the water supply, which is absolutely false. The water was shut off February 24, 1904, by order

of the City Treasurer on account of non-payment of water rates which is on record in the superintendent's office. I further wish to state that Mrs. Majors has been living in said property all winter and has never paid any rent up to the present time, and has refused to vacate said premises. Her son informed me that it took a lawyer to put them out, and the case went through the courts and judgment was rendered in my favor March 30, 1904, giving them five days, which her attorney asked for, to vacate said premises. They refused to vacate and the court ordered the writ of ejectment which was placed in the Sheriff's hands under the above circumstances. I respectfully state that there are two sides to a complaint, and I think that Mrs. Majors should be grateful for the benefit she and her two sons have received at my expense all winter. Trusting the readers of the article of April 18th will plainly see that I am only asking for my rights which belong to me. Respectfully,

FRED TAYLOR.

CASTORIA.
